How does Cordura® measure up against other Nylon or Polyester brands?

Cordura® is one of the most versatile fabrics ideally suited across a whole range of Law Enforcement & military end uses.

Cordura® provides endurance and rugged durability for equipment exposed to extreme conditions and is **resistant to cuts, tears and scuffs.**

Ounce for ounce, Cordura® is more durable than other fabrics

When costs and durability based equipment for different body shape & sizes is what your department is looking for,then look no furtherthan CORDURA® Law Enforcement Duty gear

The fabrics below have been tested by the Modified Wyzenbeek abrasion test.
Score: (1= Highest rating, 5=Lowest rating)

| Technical specifications & operational features between the Cordura Deluxe Duty Belt & another USA brand of duty belt	CORDURA	OTHER BRANDS
Durability rating	1	3
Accessibility for emergency removal by officer	1	2
Discoloration/fading after field use (3 years time period)	1	4
Attachment of Accessory pouches & cases	1	4
Weight distribution (including equipment)	1	3
Top & bottom inner tube (float system)	1	na
Wear & Tear (abrasion) to officer uniform (i.e. slacks/pants)	1	4
Waist Moulding feature capacity for officer	1	na
Officer Comfort rating	1	3
Unisex rating (Comparison test by sml/med and lge size officers)	1	3

What makes Cordura® products the most widely preferred issue in Law Enforcement agencies around the world?

✓ Cordura®, a high-performance fabric resistant to abrasions, tears, and scuffs

✓ Cordura® for maximum durability

✓ Cordura® stands for durability

✓ 2 x more durable than standard nylon

✓ 3 x more durable than polyester

✓ 10 x more durable than cotton duck

How does Cordura® Measure Up for Abrasion?
Cordura® After 3,000 cycles

Nylon after 1,000 cycles

Cotton/Nylon after 700 cycles

Polyester/Nylon after 700 cycles

The fabrics above have been tested by the Modified Wyzenbeck abrasion test.This is a sandpaper abrasion test measured in cycles.

CORDURA® FABRIC

Cordura® is a registered trademark for durable fabrics.
