

X-Impact Protection

Knee & Elbow guards

Constructed by high quality XS Nylon, wearable and comfortable
 The protection pad is constructed by high quality polymer (HX), which is the latest in protection and durability.
 Special "X" shape design for maximum mobility and protection while dispersing any impact or transmitted force blows.
 High density foam (EVA30) for great shock absorption.
 The size of the Knee is adjustable with the Velcro attachment and Spandex hi-tensile adjustable straps
 And the Knee pad is QD design with the 'tactical' Link button release system
 Lightweight design offers low drag capabilities
