CVRALL-L	Basic Coverall - Large
CVRALL-XL	Basic Coverall - X-Large
CVRALL-2XL	Basic Coverall - 2X-Large
CVRALL-3XL	Basic Coverall - 3X-Large
CVRALL-4XL	Basic Coverall - 4X-Large

## Gloves - Black Nitrile Barrier

Our Black Nitrile Barrier Gloves offer 4 mil. protection while still providing excellent dexterity. Their black color aids in seeing trace evidence that may have been picked up on the fingertips.

Reorder No.	Description
GLOVENITBOX-S(B)	Black Nitrile Barrier Gloves - Small, 100/box
GLOVENITBOX-M(B)	Black Nitrile Barrier Gloves - Medium, 100/box
GLOVENITBOX-L(B)	Black Nitrile Barrier Gloves - Large, 100/box
GLOVENITBOX-XL(B)	Black Nitrile Barrier Gloves - X-Large, 100/box

## Gloves - Blue Nitrile Barrier

These disposable, particle free, Blue Nitrile Barrier Gloves are far superior to latex gloves for protecting officers from blood-borne pathogens and other hazardous materials.

Reorder No.	Description
GLOVENITBOX-S	Blue Nitrile Barrier Gloves - Small, 100/box
GLOVENITBOX-M	Blue Nitrile Barrier Gloves - Medium, 100/box
GLOVENITBOX-L	Blue Nitrile Barrier Gloves - Large, 100/box
GLOVENITBOX-XL	Blue Nitrile Barrier Gloves - X-Large, 100/box

## Goggles - Anti-Splash Safety

These vented, polycarbonate, Anti-Splash Safety Goggles can be worn with or without glasses and conform to OSHA and CDC-recommended eye protection guidelines.

Reorder No.	Description
GOGGLES	Anti-Splash Safety Goggles

## Mask - General Purpose Disposable

This one-size-fits-all, cone-style mask comes with an elastic headband and an aluminum nose bridge clip to assure a good facial seal. These masks provide filtration protection greater than 95% BFE and are comfortable to wear for extended periods of time.

Reorder No.	Description
MASK	Mask - General Purpose Disposable, 50/pkg

## Mask - Nuisance Odor/Dust

This mask protects against dusts and mists and contains a chemical absorbent material to provide relief from nuisance odors.

Reorder No.	Description
MASK8210	Mask - Nuisance Odor/Dust, 20/pkg

## N95 Respirator Mask

This one-size-fits-all respirator is made of polypropylene strips encased in the mask material to provide a comfortable breathing chamber. These masks have a high filtration efficiency with a BFE of over 99% at .1 micron. NIOSH and CDC-Approved.

Reorder No.	Description
MASK95	N95 Respirator, 35/pkg

## Personal Protection Kits

The TRITECHFORENSICS Personal Protection Kit is packaged in a clear heat-sealed polyethylene bag and can be stored in a cruiser trunk. The kit contains all necessary components to insure officer protection in one convenient package.

KIT COMPONENTS

- 1 ea. Kevytton™ Coverall with hood, elastic wrist and boots
- 1 ea. Pair of Anti-skid Shoe/Boot Covers
- 1 ea. Pair of Nitrile Barrier Gloves
- 1 ea. Anti-splash Safety Goggles
- 1 ea. Nuisance Odor/Dust Mask
- 1 ea. Biohazard Disposal Bag
- 1 ea. Antimicrobial Wipe
- 1 ea. Exposure Incident Form
- 1 ea. Kit Instruction Sheet

Reorder No.	Description
PROTECKIT-L	Personal Protection Kit - Large
PROTECKIT-XL	Personal Protection Kit - X-Large
PROTECKIT-2XL	Personal Protection Kit - 2X-Large
PROTECKIT-3XL	Personal Protection Kit - 3X-Large

## Shoe Covers - Basic Anti-Skid

These semi-impervious, disposable shoe covers have an elastic top band to keep them on your shoes and anti-skid bottoms to prevent sliding on wet surfaces.

Reorder No.	Description	Price Per Pkg
CVRSHOE-S/M	Shoe Covers - Small/Medium, 10 pairs/pkg	\$21.50
CVRSHOE-L/XL	Shoe Covers - Large/X-Large, 10 pairs/pkg	\$21.50

## Shoe/Boot Covers - Heavy Duty, Anti-Skid

Our heavy-duty, mid-calf impervious latex shoe/boot covers have a sanded and grooved sole for extra traction on both dry and wet surfaces.

Reorder No.	Description
CVRBOOT-M	Heavy-Duty Covers - Medium, 10 pairs/case
CVRBOOT-L	Heavy-Duty Covers - Large, 10 pairs/case
CVRBOOT-XL	Heavy-Duty Boots - X-Large, 10 pairs/case
CVRBOOT-2XL	Heavy-Duty Boots - 2X-Large, 10 pairs/case

# BIOHAZARD BAGS, TAGS, & SKIN PROTECTION

## Bio-Safe® Skin Protectant

Bio-Safe® Antibacterial Skin Protectant is an exclusive, patented formula that provides up to four hours of antibacterial, antiviral, and antifungal protection. When used under protective gloves or in pre-glove situations, Bio-Safe® forms a protective polymer coating that not only kills many pathogens (including Staph, Strep, E. coli, Salmonella, MRSA, and VRE) but also blocks chemical compounds (Mace spray, latex proteins), bodily fluids (urine, saliva, feces, semen, blood), and drugs (cocaine, methamphetamine, heroin, cannabis) from direct contact or from penetrating the skin.

In addition, the manufacturer has stated that lab tests have found Bio-Safe® Skin Protectant inactivated HIV-1 virus 99.9% within thirty seconds of exposure.

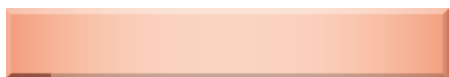

Bio-Safe® is orally non-toxic and is color and fragrance-free. It will not irritate sensitive skin, will not wash or rub off, and can be applied to the hands, face, neck, arms and legs for biological and chemical protection. At five cents per application, Bio-Safe® is the most complete and affordable protection on the market today. You can't afford to be without it!

Reorder No.	Description
SKINPROT8	Bio-Safe® Skin Protectant - 8 oz.
SKINPROT4	Bio-Safe® Skin Protectant - 4 oz.
SKINPROT2	Bio-Safe® Skin Protectant - 2 oz.

## Biohazard Disposal Bags

These .002" economical polyethylene Biohazard Bags are printed in both English and Spanish along with the international Biohazard symbol for an immediate warning of infectious waste.

Reorder No.	Description
BAGBIO24X24	Biohazard Disposal Bags - 24" x 24", 250 bags/case
BAGBIO33X39	Biohazard Disposal Bags - 33" x 39", 150 bags/case

## BODY BAGS & ACCESSORIES

### Body Bags - Medium-Duty

Our white Medium-Duty Body Bags are made of 2 layers of a 3 mil polyethylene film laminated to 1000 denier scrim reinforcement material (equivalent strength to 12 mil. vinyl material). The material remains flexible down to - 70° F.

In addition, the chlorine-free polyethylene material used in this bag and our Heavy-Duty Body Bags does not release chlorine gas, eliminating the disposal problems associated with vinyl material. Each body bag is supplied with a Body Bag Identification Tag Kit.

Reorder No.	Description
BBMD-22X30	Medium-Duty Body Bags - Infant size, 22" x 30", 12 bags/case
BBMD-36X60	Medium-Duty Body Bags - Child size, 36" x 60", 12 bags/case
BBMD-36X96	Medium-Duty Body Bags - Adult size, 36" x 96", 12 bags/case
BBMD-48X100	Medium-Duty Body Bags - X-Large Adult size, 48" x 100", 6 bags/case

### Body Bags - Heavy-Duty

Our Heavy-Duty Body Bags come with 10 carry straps and are made of a silver colored, non-vinyl, chlorine-free, 3 mil. polyethylene material which has a long shelf life, stays flexible to - 70° F, and has a lifting capacity of 450 lbs.

Due to a heat-sealed, inner bag liner design, they comply with OSHA regulation 3130 for Universal Precautions involving containment of body fluids and protection from blood borne pathogens. Each bag is supplied with Body Bag Identification Tag Kit.

Reorder No.	Description
BBHD-36X96/10	Heavy-Duty Body Bags - 10 Handle Bag, 36" x 96", 5 bags/case
BBHD-48X100/10	Heavy-Duty Body Bags - 10 Handle Bag (up to 1200 lbs.), 48" x 100", 3 bags/case

### Body Bags - Mesh Water Recovery

Our 38" x 96" Mesh Water Recovery Body Bags are made from a high visibility orange-colored, vinyl-coated polyester scrim mesh which drains quickly when taken out of water. These bags have a clam-shell perimeter zipper on three sides which allows for easy body recovery in water as well as 10 carry straps. Each bag is supplied with a Body Bag Identification Tag Kit.

Reorder No.	Description
BBWR-38X96	Mesh Water Recovery Body Bags - 38" x 96", 3 bags/case

### Odor Perception Inhibitor

No matter how seasoned an investigator you may be, the smell of a decomposing or burned body is never pleasant. Odor Perception Inhibitor is the answer. Simply tear open the foil packet and rub the gel on your upper lip to mask odors. Odor Perception Inhibitor is a non-toxic gel and has a mild vanilla scent.

Reorder No.	Description
ODORINH	Odor Inhibitor - 50 packets/box

# OZONE GENERATORS/AIR PURIFIERS

Our series of Ozone Generating Air Purifiers are used by hundreds of crime labs, police, and sheriff departments, correction facilities, and medical examiners.

Ozone Generating Air Purifiers produce a safe, controlled level of ozone by electronically converting molecules of oxygen into molecules of ozone. During this conversion, ozone casts off its extra atom. That atom combines with the molecule of the odor's source and destroys the odor by oxidation. In doing so, ozone's extra atom is consumed, destroying noxious odors and fumes at their source and leaving behind only a fresh air smell.

Our Ozone Generating Air Purifiers come with a full 5-year warranty. The disposable Sporax antimicrobial filter protects the internal components of the instrument and provides a broad range of control for a number of molds, mildew, algae, and bacteria present in the environment (list available upon request).

APPLICATIONS

- **Evidence Rooms** – eliminates the odors from soiled clothing, mold, marijuana, and other drugs
- **Autopsy Labs** – eliminates odors from decomposing tissue and formaldehyde fumes
- **Crime Scenes** – eliminates decaying body or body fluid odors and even pepper spray
- **Laboratories** – eliminates odors associated with urine specimens for drug analysis, clothing containing blood or other body fluids, and the fumes from chemicals used in labs

**Reorder Nos. AP10-120 and AP10-230**

The AP10-120 Small Ozone Generating Air Purifier is designed to remove noxious odors and reduce harmful fumes in small to medium size laboratories/rooms up to 10,000 cubic feet on a continuous basis.

- Adjustable ozone output control provides from 3 to 300 mg./hr.
- Baked gray enamel metal cabinet
- Size: 10.5" L x 6.5" W x 8" H - Weight: 9 lbs.
- 57 cfm. (cubic feet per minute) fan

**Reorder Nos. AP40-120 and AP40-230**

The AP40-120 Medium Ozone Generating Air Purifier is designed to remove noxious odors and reduce harmful fumes in laboratories/rooms up to 40,000 cubic feet and has an adjustable ozone output control, multiple option timer, and a continuous running mode.

- Adjustable ozone output control provides from 190 to 625 mg./hr.
- Multiple option timer: 15 mins., 30 mins., 1 hr., 2 hr., 4 hr., and continuous operation settings
- Baked gray enamel metal cabinet
- Size: 11.75" L x 7.5" W x 8.75" H - Weight: 11 lbs.
- 102 cfm. (cubic feet per minute) fan

**Reorder Nos. AP60-120 and AP60-230**

The AP60-120 Large Ozone Generating Air Purifier is the most powerful of our three models, ideal for large laboratories up to 60,000 cubic feet or where you would find your worst odors, such as decaying bodies in a closed area.

- Adjustable ozone output control provides from 340 to 1250 mg./hr.
- Multiple option timer: 15 mins., 30 mins., 1 hr., 2 hr., 4 hr., and continuous operation settings
- Baked gray enamel metal cabinet
- Size: 11.75" L x 7.5" W x 8.75" H - Weight: 11 lbs.
- 102 cfm. (cubic feet per minute) fan

Reorder No.	Description	
AP10-120	Small Ozone Generating Air Purifier (120V/60Hz.)	
AP10-230	Small Ozone Generating Air Purifier (230V/50Hz.)	
AP40-120	Medium Ozone Generating Air Purifier (120V/60Hz.)	\$589.00
AP40-230	Medium Ozone Generating Air Purifier (230V/50Hz.)	\$649.00
AP60-120	Large Ozone Generating Air Purifier (120V/60Hz.)	\$749.00
AP60-230	Large Ozone Generating Air Purifier (230V/50Hz.)	\$824.00
AP-FILTER	Replacement Sporax Filters - 6/pkg, (one-size-fits-all units)	\$36.00

*The rate of replacement for the Sporax Filter depends on the density of odors and fumes where the unit is operating. Check the filter every 30 days and replace if visibly dirty.*
