Enhanced Pinpoint Walk-Through Metal Detector

The PD 6500i is the world's highest performing walk-through metal detector and leads the industry with superior pinpoint technology and unmatched discrimination features. Designed for maximum patron throughput without compromising security, the PD6500i is the walk-through of choice for security professionals worldwide.

FEATURES

- **33 Pinpoint Zones** to precisely identify multiple target locations from head to toe on the left, center and right sides of the body.
- **Dual Detection:** with transmitters and receivers in each panel, the PD 6500i is like having two detectors in one. By scanning from both sides, the PD 6500i provides superior detection, uniformity and performance.
- **Advanced Broadband Detection Technology** provides superior target analysis, ferrous and non-ferrous weapons detection, discrimination and higher patron throughput.
- **Meets TSA, European Airports** and other international security standards.
- **Superior Versatility:** settings designed for airports, courthouses, prisons, schools, facilities, special events, mass transit, loss prevention and many other applications.
- **Optional Accessories** provide net-working, remote control, monitoring, and data analysis.
- **Meets IP55 Standards** for water and foreign matter protection.

Advanced Multiple Target Pinpointing

The only metal detector approved for U.S. and European airports that indicates if the target is located on the left, right or center of the body as well as its height.

TRAINING

Garrett Metal Detectors is the only manufacturer to offer an advanced training course in metal detection checkpoint screening. Now, you can learn from the industry's leading team of metal detection experts. Call today to enroll in The Garrett Academy.

*Conditions apply to Installations interstate

SPECIFICATIONS

Operating Temperatures
-35° F (-37° C) to 158° F (70° C)

Humidity
To 95% noncondensing

Audio Frequency
2kHz Warble

Tuning
Automatic

Indicators
Speaker
Vibrator
LED Alert Lights
Green: Power ON
Amber: Battery LOW
Red: ALARM condition

Controls
Power switch (Audible / Off / Silent)
Interference Elimination Momentary Switch

Detection Capabilities (typical)
Medium-sized pistol from 9"
Large knife from 6"
Razor blade and box cutter from 3"
Foil-wrapped drugs and tiny jewelry from 1"

Battery
Single 9 volt battery provides up to 100 hours of normal operation. Optional NIMH rechargeable battery provides up to 45 hours on a single charge.

Dimensions
Width: 3.25" (8.3 cm)
Thickness: 1.625" (4.13 cm)
Length: 16.5" (42 cm)
Weight: 17.6 oz (500 g)

REGULATORY INFORMATION

The Super Scanner meets or exceeds all performance specifications of the National Institute of Justice Standard - 0602.02 "Hand-Held Metal Detectors for Use in Concealed Weapon and Contraband Detection."

Meets CE and other international standards for electromagnetic compatibility and safety.

Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.

Garrett Super Scanner® V

Model # 1165190

**The evolution of the world's
most popular hand-held metal detector**

Originally designed for use at the Olympic Games, the Garrett Super Scanner has become the most recognized hand-held metal detector in the world. The new Super Scanner V offers outstanding performance, stability and extreme sensitivity in detecting the smallest objects. Designed and manufactured in the United States of America.

NEW! Now with both audible and silent vibrating alarm options and extended battery life!

APPLICATIONS:

Airports
Correctional Facilities
Arenas
Public Buildings
Private Buildings
Schools
Special Events

Loss Prevention
Nuclear Facilities
Transportation Terminals
Courthouses
Corporate Security
Historical Landmarks

FEATURES

- One switch operation—turn it on and begin use.
- Audible or vibrating alarm. Sharp audible alarm and bright red LED indicates the detection of metal.
- Ultimate sensitivity detector. Used in prisons to detect tiny, hand-crafted weapons. Used in mass transit screening to detect guns, knives, razor blades, box cutters, foil-wrapped drugs, and other forbidden items.
- Detects ferrous, non-ferrous, and stainless steel weapons, contraband, and other metallic objects.
- New energy efficient design offers extended battery life over previous models.
- Rugged, high-impact ABS case with reinforced coil compartment.
- Large 10" scan surface for quick, thorough scanning.
- Does not require adjustments. No tools required to change 9V battery.
- Momentary push button temporarily eliminates detection of nearby ambient metal such as rebar, metal walls, etc.
- Green LED indicates ON; Amber LED indicates low battery; Red LED indicates ALARM.
- Designed and manufactured in the U.S.A. to Garrett's quality management system standards.

Battery
Single 9 volt battery provides upto 80 hours of normal operation. Optional NiMH rechargeable battery provides upto 20 hours on each 12-hour recharge

Dimensions
Width: 3.25" (8.3 cm)
Thickness: 1.25" (3.2 cm)
Length: 19" (48.3 cm)
Weight: 18.6 oz (527 g)

Warranty
Limited, 24 months parts and labor

A. Rechargeable Battery Kit - Includes two (2) environmentally friendly Cadmium free Ni-MH batteries and charger.
110V (Model # 1612000)
220V (Model # 1612100)

B. Belt Holder - Made of durable ballistic weave material and can be worn on a belt or mounted in a car. (Model # 1620300)

C. Security Products DVD - Details features, controls and operation tips on effective scanning techniques. DVD also includes videos on the Super Scanner® Hand-Held Detector, THD™ Tactical Hand-Held Detector and PD 6500™ walk-through metal detector.
DVD (Not Shown) (Model # 1678600)

REGULATORY INFORMATION

The SuperWand meets CE and other international standards for electromagnetic compatibility and safety.

Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.

APPLICATIONS:

Revolutionary Hand-Held Metal Detector

The SuperWand's exclusive 360° detection field provides uniform sensitivity and tip pinpointing to detect weapons and other metal objects with extreme accuracy. From U.S. airports to sporting events, the SuperWand is the hand-held of choice for today's security screener.

FEATURES

- Optimum sensitivity with automatic retuning - never needs adjusting.
- Accurate detection of all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects.
- Elongated profile offers 360° detection coverage plus tip pinpointing for easy scanning from head to foot.
- Easy and convenient to use with one-touch button and three-color LED lights.
- Clear audible or Silent / Vibrate LED alarm signal.
- Rugged injection molded construction including structurally isolated coil for added impact absorption.
- Large 9.5" scan area allows thorough scanning with minimum passes.
- Ergonomically designed grip fits comfortably in virtually every hand.
- Easy ON / OFF battery cover.
- 9V battery (included) operation.
- Power switch and LEDs positioned for easy access and high visibility.

SPECIFICATIONS

Operating Temperatures
-35° F (-37° C) to 158° F (70° C)

Water and Dust
Meets IEC 529 IP68 standards

Operating Frequency
95 kHz

Tuning
Automatic

Indicators
Silent / Vibration
LED Alert Lights
Green: Power ON
Amber: Battery LOW
Red: ALARM condition

Controls
Power switch (On / Off)
LED flashlight (Momentary)

Battery
Single 9 volt battery provides up to 80 hours of normal operation. Optional NiMH rechargeable battery provides up to 25 hours on each 12-hour recharge

Dimensions
Length: 8.4" (22 cm)
Thickness: 1.6" (4.1 cm) tapered to 1.1" (2.8 cm)
Scan Area: 3.5" (8.9 cm) long; 360° plus tip
Weight: 8.4 oz. (.2 kg)

Warranty
Limited, 24 months parts and labor

ACCESSORIES

A. Rechargeable Battery Kit - Includes two (2) environmentally friendly Cadmium-free Ni-MH batteries and charger.
110V (Model # 1612000)
220V (Model # 1612100)

B. Security Products Video—Details features, controls and operation tips on effective scanning techniques. DVD also includes videos on the SuperWand™ Hand-Held Detector, THD™ Tactical Hand-Held Detector and PD 6500™ walk-through metal detector.
DVD (Model # 1678600)

REGULATORY INFORMATION

The THD meets CE and other international standards for electromagnetic compatibility and safety.

Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.

Ballistic weave holster (included) mounts easily on belt or in patrol car.

APPLICATIONS:

Airports
Correctional Facilities
Arenas
Public Buildings
Private Buildings
Schools
Special Events
Loss Prevention
Nuclear Facilities
Transportation Terminals
Courthouses
Corporate Security
Historical Landmarks

Tactical Hand-Held Metal Detector (THD)

The THD is the most rugged, compact metal detector on the market. With a highly-sensitive 360° detection area and a silent vibrating alarm indicator, the THD is the perfect metal detector for all law enforcement operations. It is also particularly effective for use in schools, bars and clubs, and for corporate security.

FEATURES

- Ultra sensitive response to metal objects.
- Accurate detection of all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects.
- Powerful 4-inch length, 360° detection area.
- Does not require adjustments.
- Silent vibrating with Red LED alarm indicator.
- Bright LED flashlight for low light and night operations. Useful for scanning IDs and for screening pockets, handbags.
- Sealed waterproof construction.
- High impact case with molded rubber grip. Exceeds Mil-Std-810F (drop test) Method 516.5, procedures II.
- Easy ON / OFF battery cover.
- 9V battery (included) operation.
- Ballistic weave holster (included): mounts easily on belt or in car.
- Optional rechargeable battery kit.

Model Number

- 1166020

Features

- Proportional audio/vibration pulse rate target indicators
- Pinpoint tip detection
- 360° side scan detection area with no motion required
- LED light for low light uses
- Scraping blade for searching soil
- Automatic tuning
- Belt holster included

Specifications

- Operating temperatures: -35°F (-37°C) to 158°F (70°C)
- Meets IEC 60529 IP 66 standards for water and dust protection
- Controls: power switch
- Length: 9" (22.9 cm)
- Thickness: 1.5" (3.8 cm) tapered to .875" (2.2 cm)
- Weight: 7 oz. (0.2 kg) with battery
- Single 9V battery (included)

Battery Life

- Carbon: 16 hours; Alkaline: 30 hrs.
- Rechargeable: 8 hours

Warranty

- Limited, 24 months parts and labor

The CSI PRO-POINTER is also handy for finding objects hidden in tight spaces and for locating metallic objects in drywall.

Scraping blade for searching soil

LED light assists in low light conditions

COMPONENTS

Speed Your Evidence Recovery

Conduct normal ground search to locate targets

Use CSI PRO-POINTER to scrape and scan through soil, sod or leaves.

Audible and vibrating alarms increase based on target proximity!

- FIND EVIDENCE FASTER! Static detection (no motion required) speeds target recovery.
- CONTINUOUS AUDIBLE AND VIBRATING ALARMS increase in intensity based on target's proximity to quickly pinpoint discarded weapons, shell casings, projectiles and other crime scene evidence.
- AUTOMATICALLY ADJUSTS...Microprocessor circuitry insures maximum sensitivity with no tuning necessary.
- PINPOINTING TIP AND 360° SIDE SCANNING CAPABILITY in one pinpointer. Owner's manual offers easy tips on special pinpointing abilities of this incredible detector.
- GARRETT-PROVEN QUALITY...Brought to you by the manufacturer of the CSI 250™ ground search metal detector for law enforcement.
- LED FLASHLIGHT ASSISTS in low light condition recoveries.
- WOVEN BELT HOLSTER...included to secure CSI PRO-POINTER to standard size belts.
- UTILITY USES...Search walls and tight spaces for hidden items...find metal pipes in walls or nails in drywall to locate studs...check wood for nails before cutting with expensive tools.
- SCRAPING BLADE TO SIFT through soil during target recovery.
- WATER RESISTANT...CSI PRO-POINTER can be washed in running water or used in rain.

TRAINING
