Protect & Restrain

in the classroom...on the street

in the classroom...on the street

Item Description

**Self-locking cuffs resists pull of 350 pounds.
Works with standard cuffing methods.**

**Two individual cuff loops lock in a split second.
Easily applied one at a time.**

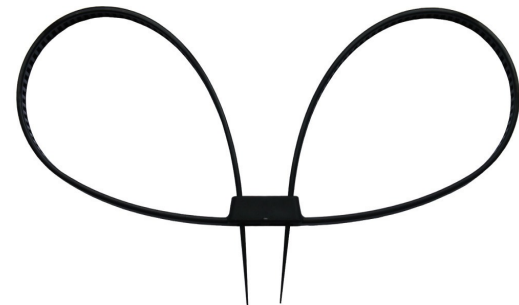

Will not cut wrists or ankles.

Can be secured to cot during ambulance transport.

Write-on surface for arrest information.

Training models are removable without cutting.

DOUBLECUFF COMPACT D-4201C

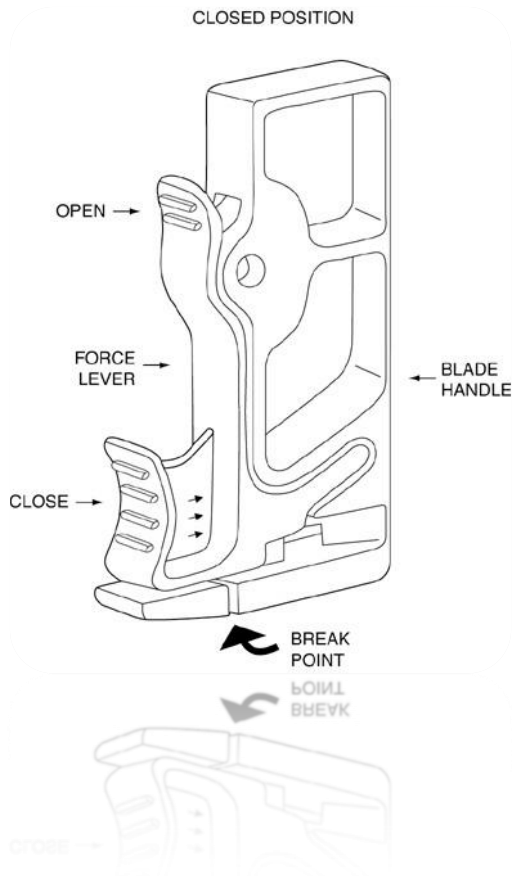

The *NEW* Double Cuff Compact has been designed for easier more compact carry operations and is also ideal for adults or even smaller wrists and even juvenile (xs) wrists.

No more excessive straps impeding the officer's application when normally applying such devices. Reduced application/response times can be achieved.

The Double Cuff Compact still maintains all the features of its larger model, but designers have shrunk the features into a more compact model. *72cm long*

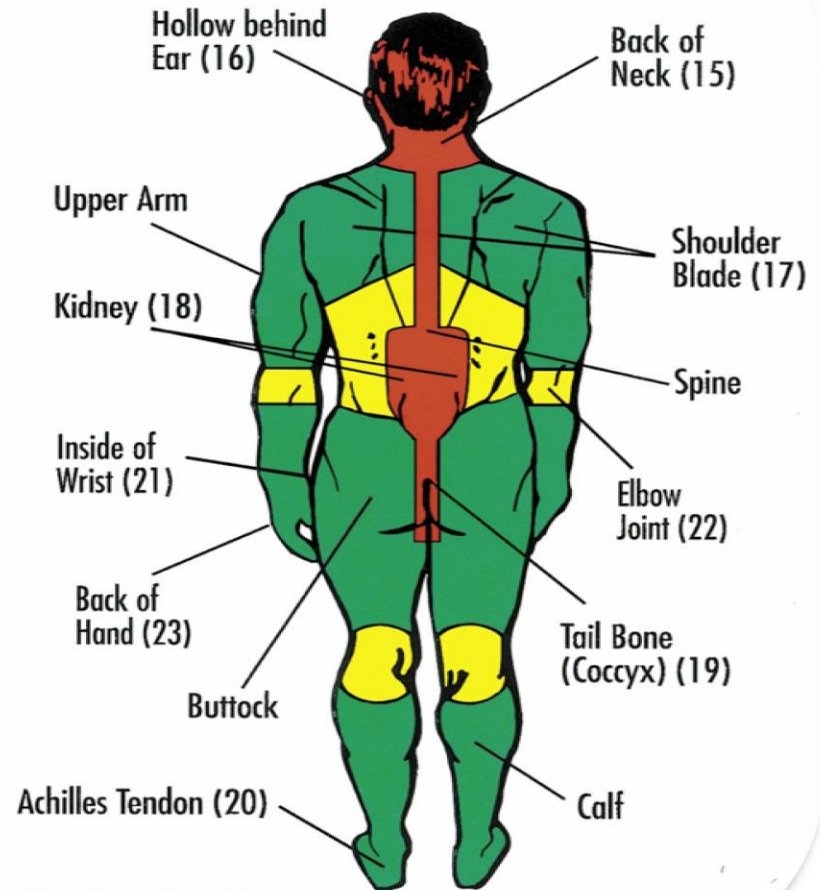

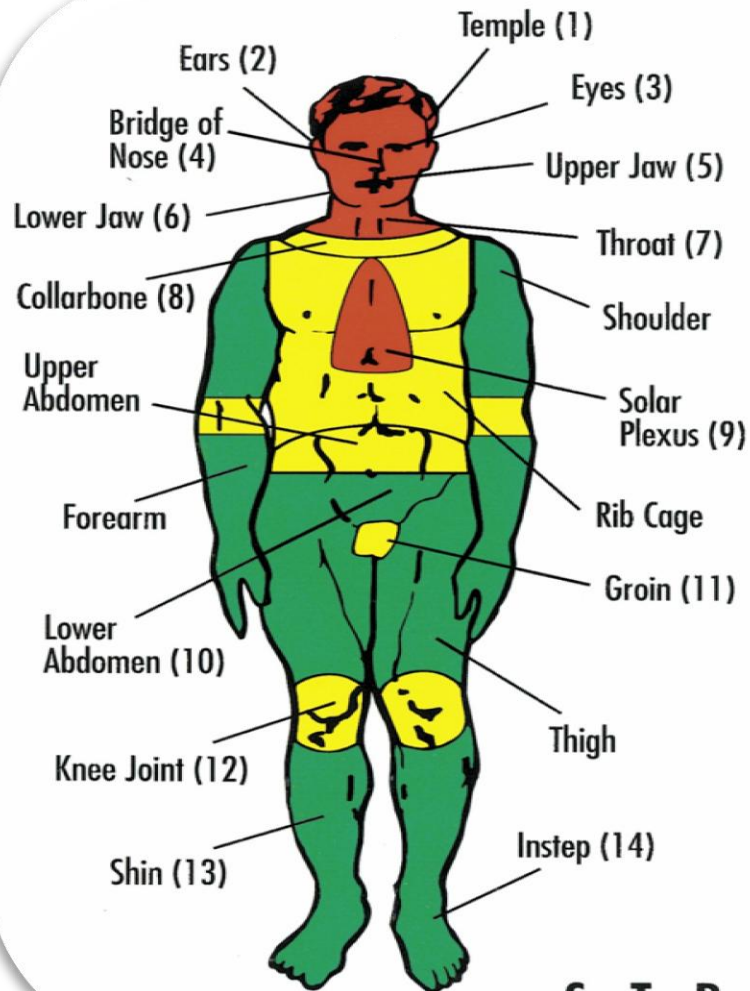

SAFETY CUTTER
